NEHA THOSAR

Web Developer (React.js | Python | Django)

Nagpur, Maharashtra | +91-9767659281 | nehathosar24@gmail.com | linkedin.com/in/neha-thosar-0a3ba3227 | github.com/Neha2474

PROFESSIONAL SUMMARY

Web Developer with hands-on project and internship experience across the full stack — frontend (React.js, HTML5, CSS3, Bootstrap) and backend (Python, Django, PostgreSQL). Comfortable building responsive, user-friendly interfaces and designing srelational data models, with a track record of shipping complete applications end to end. Strong problem-solver and fast learner, looking to bring that same ownership to an entry-level Web/Full-Stack Developer role.

TECHNICAL SKILLS

Languages: Python, JavaScript, SQL

Frontend: React.js, HTML5, CSS3, Bootstrap, Responsive Design

Backend: Django, REST APIs, Django ORM

Database: PostgreSQL, pgAdmin4

Tools & Platforms: Git, GitHub, VS Code, PyCharm

Core Strengths: Problem-Solving, Communication, Teamwork, Time Management

PROJECTS

E-Commerce Website *React.js*

- Built a full front-end e-commerce site in React.js using modular, reusable components for maintainability.
- Implemented product listing, category filtering, and a shopping cart with add/remove/quantity logic.
- Styled the UI with modern CSS techniques for a clean, responsive shopping experience across devices.

Weather App *Python, Django, PostgreSQL, OpenWeatherMap API*

- Developed a Django web app that pulls and displays real-time weather data via the OpenWeatherMap API.
- Integrated PostgreSQL through Django ORM to persist and manage the five most recently searched cities.
- Designed dynamic templates to present temperature, humidity, and current weather conditions clearly.
